Each of us has his/her own favorites but industry-wide you'd have to vote for (in random order):

Blu-Ray Defeats HD-DVD

The Rise of Netbooks

The Disappointment of VISTA

Google's Android Entry

iPhone Dominates Cell Biz

Yahoo's Yang Turns Down Microsoft

Best Buy and Carphone Warehouse Deal

Resurgence of Gaming

The Credit Crisis Kills Christmas

Excluding the above topics, the Number one individual article for us at Consumer IT in 2008 was:

Panasonic's Plasma Plan: Neo PDP
