

The AOC Agon AG352UCG6 Black Edition is a 35-inch gaming monitor with a 180R curve, 22:9 aspect ratio, 3440x1440 ultrawide QHD resolution, 120Hz max refresh rate and Nvidia G-Sync compatibility.

Further features include 300cd/m2 maximum brightness, 2500:1 contrast ratio, 4ms response time and 178-degree H/V viewing angles. It weighs 11.8kg and includes AOC modes such as Shadow Control, Game Mode, Game Colour, Low Blue Light and Scene Light RGB LEDs at the back.

A stand at the back allows height, tilt and swivel adjustments. Connectivity comes through HDMI 1.4 and DisplayPort 1.2 inputs, together with a USB 3.0 hub. Audio is also included via two 2W speakers.

The Agon AG352UCG6 Black Edition debuts at the upcoming Intel Extreme Masters tournament in Katowice, Poland.
