

Integral 1TB Portable SSD

Written by Marco Attard
30 May 2013

Integral Memory launches the 1TB USB 3.0 Portable SSD-- an external SSD inside a credit card-size casing weighing all of 41g.

It features all the advantages of solid-state memory, being shock-proof, silent and low-power. Write speeds reach up to 140MB/s and read speeds up to 230MB/s.

Being USB On-The-Go the drive usable with compatible smartphones and tablets as well as Windows (Windows XP and up) and Mac (OSX 10.2.8 and above) PCs.
