

GITEX Hosts ICT Business Minds

Written by Marco Attard
12 October 2010

For the first time in its 30 years GITEX will host a **Global Leaders Summit**, taking place GITEX Technology Week's opening day.

This year's summit's theme is "Inspiring Innovation and Collaboration".

Announced speakers include Rajeev Asija, Executive VP of HCL, Ali Faramawy Microsoft International VP, Bhaskar Gorti from Oracle and Randi Zuckerberg, official Facebook spokesperson and Market Development Director.

Microsoft OEM Division VP Steve Guggenheimer will present an invitation-only keynote, "Innovation and How that Equals Opportunity for You".

The GITEX Global Conference will include more than 50 industry expert speakers over 3 days, followed by a Developer Day.

The Technology Week will run from 17 - 21 October 2010 at Dubai International Convention and
